What is an MCR & Days

Speakers: Kami Matzek & Amber Vindasius

Many facilities are greatly impacted by changes in Medicare reimbursement, which is determined by the reporting within the MCR. This session begins with an introduction to the MCR (the “big picture” and why we care what is reported) before moving into an overview of the hospital statistical data included in the report. We conclude with a discussion of days reported on the cost report and the importance of accurate reporting by both type and payor.
- 9:30-10:45 a.m.
